## SUPERVISORS MEET IN REGULAR SESSION

### Receive $10,000 from State as San Mateo County's Proportion State Automobile Fines—Consider R. R. Crossings, Order Resort Roundups—and Other Business

The Board of Supervisors met in regular session Monday, September 11, 1916, there being present Jos. M. Francis, presiding, Jas. T. Casey, John MacBain and C. V. Thompson, absent, Wm. H. Brown.

The following bids were opened for the construction of a concrete bridge over the San Gregorio creek on the Halfmoon Bay to Pescadero road:

| | |
|---|---|
| Dreyfus Bros. | $4495.10 |
| Macre & Layaz | 5108.90 |
| Lou G. Hare | 5247.60 |
| A. Mattson | 4418.10 |

The contract was awarded to A. Mattson, on motion of Casey, seconded by Thompson, he being the lowest bidder.

A communication was received from Surveyor James V. Neuman, informing the Board of the completion of the foot bridge and sewer pipe at the Montara Lighthouse to take the place of the ones that were washed out during the big storm last winter. The total cost of the work was $250.30. The communication was ordered filed.

The report of Auditor J. J. Shields showing the aggregate amount of allowances that can be made against the several funds of the county for the month of September, was received and ordered filed.

A report was received from the county auditor showing that $10,681.19 had been received from the state on account of automobile fines. The above amount was ordered transferred from the Good Roads Fund to the several road district funds in equal proportion.

A petition was received from Lou C. Hare, asking for an extension of 60 days in which to complete his contract on the San Gregorio to Pescadero road. The board was opposed to giving him the extension asked on account of his failure to make better progress on his other contract in constructing the Pescadero to Santa Cruz County line road. It was decided to grant him fifteen days extension, on motion of Thompson, seconded by MacBain, the understanding being that the additional time asked for would be allowed later when Hare showed greater progress with the work.

A petition from Mrs. Joseph Carlson of Daly City, asking for county aid in the sum of $8 per month, was granted, on motion of Casey, seconded by Thompson.

A petition was received from J. Ilcese and other citizens and residents of the Colma Lighting District, asking for the installation of an extra light on the corner of Augusta and A streets in the above town. The request was granted, on motion of Casey, seconded by Thompson.

District Attorney Franklin K. Swart addressed the Board and filed complaints against the following saloon-keepers in the county and citing them to appear before the Board and show cause why their licenses should not be revoked:

Henry Martin, Tunitas Glen, for conducting his place in an improper manner.

Proprietors of Purissima House at Purissima, for selling liquor after 12 o'clock in the night.

M. B. Wiggins, Princeton-by-the-Sea, for running a disorderly place, principally selling liquor to women.

O. Torre, Moss Beach, for keeping open after midnight.

James Cowley, Salada Beach, for selling liquor after midnight.

The "White Horse" Tavern at Rockaway Beach, for keeping open after midnight and selling liquor to minors.

Edward Rider, Lobetus, for keeping open after midnight.

John Fannuchi, Miramar, for conducting his place in a disorderly manner.

On motion of Thompson, seconded by MacBain, the above saloon men were cited to appear before the board at the next meeting, Monday, September 18 at 11 o'clock a. m., and show cause why their licenses should not be revoked.

Surveyor James V. Neuman addressed the board in the matter of railroad crossings. He stated that he had taken up with the Southern Pacific Company on numerous occasions the question of repairing the following crossings and putting them in the same condition as the highway but had been given little satisfaction:

Beresford, Holy Cross, Middlefield Road, San Pedro road and the one to Villa Mateo.

On motion of MacBain, seconded by Thompson, the clerk was instructed to write the Southern Pacific Company asking them to have the above matter attended to.

Engineer James V. Neuman presented plans and specifications, which were accepted, on motion of MacBain, seconded by Thompson, for retaining walls on the new La Honda road.

E. J. Finlay, city engineer of Redwood City presented a map of Harvard Tract, a new subdivision near Woodside, which he asked to have accepted. On account of the location of the streets, the map was rejected, on motion of MacBain, seconded by Thompson.

The board adjourned at 12 o'clock for the noon recess.

The board reconvened at 1:30 for the afternoon session, all members being present, excepting Supervisor Brown.

A claim presented by Neuman Bros of Woodside, amounting to $12.50 for meat sold Blanchard-Brown Company, contractors, on the La Honda road, was rejected, on motion of MacBain, seconded by Thompson.

Former action of the Board in granting Mrs. Baghlin of Redwood City county aid in the sum of $8 per month, was rescinded on motion of MacBain, seconded by Thompson, it having been shown that the party was receiving sufficient aid from another source.

The clerk was authorized to purchase needed bookcases for the law library on motion of Casey, seconded by MacBain.

On motion of Thompson, seconded by Casey, it was ordered that the sum of $4000 be transferred from the summit road fund to the San Gregorio Oiling Fund.

After passing the usual monthly claims, the board adjourned at 2:05 to Monday, September 18, at 10 a. m.

## BARNUM AND BAILEY CIRCUS COMING

### Greatest Show on Earth Will Show in San Francisco

At last the welcome news has been announced that the youngsters and oldsters of this vicinity will have an opportunity to visit the Barnum and Bailey greatest show on earth. This great circus will be within easy traveling distance when it exhibits in San Francisco on September 16, 17 and 18.

This year Barnum and Bailey announce an all new novelty circus, composed of more foreign acts than ever before. An important feature is the new, Oriental spectacular pageant, "Persia, or the Pageants of The Thousand and One Nights." In this gorgeous display more than 1350 persons participate. The Oriental music incident to the production is rendered by 350 musicians, and 3,500 costumes are worn in the various actions of the pageant.

The circus program will be one of unusual novelty and variety. More than 480 arenic artists will appear in the various acrobatic, aerial and riding numbers, and an army of fifty of the funniest clowns on earth will keep the audience convulsed with laughter. Among the new acts to be offered for the first time this season are four great troupes of Chinese artists, presenting a complete Chinese circus, replete with thrilling aerial and acrobatic feats. The famous Hanneford Family, champion riders of Europe, are among the new importation, as is also Signor Bagonghi, Italy's famous dwarf equestrian. More than twenty trained animal acts will be included in the program, headed by Pallenberg's two marvelous troupes of trained bears.

The Barnum and Bailey circus is larger this season than ever before and require 89 cars to transport it. It carries 1400 persons, 785 horses and a greatly enlarged menagerie of 108 cages and 41 elephants.

The U. S. Public Health Service is the nation's first line of defense against disease.

Sickness lowers earning capacity.

## As Goes Maine, So Goes the Union

The great state of Maine has spoken. By the big Republican majorities of last Monday forcasts are made of the November election. It has for many years been a tradition that "As Maine goes, so will go the nation." The victory has been so sweeping in Maine that little doubt is left as to how the country will go in November. Hughes' election is practically assured. There is scarcely any doubt that the State of California will follow in November with a majority of over 100,000 for the entire Republican ticket.

The four years of this Administration's dealings with Mexico have been very discreditable to the Nation and its entire management of our foreign relations are such as to fully justify a change. But it is doubtful whether a really enthusiastic Republican campaign can be based on those issues. And, on the other hand, it will be equally impossible on those issues to arouse the Democratic party to an enthusiastic defense. Being greatly mortified, they perfer to say as little as possible on those topics. Nor does the "preparedness" question cut any particular figure, as an "issue."

The sweeping Republican victory in Maine was directed against the Underwood tariff and the Adamson strike bill. It is indicative of a determination in the populous sections of the country to return to a protective tariff and of a conviction that as between a national railroad strike and the ignominious surrender by the President and Congress of all pretense of deliberation before legislation, the latter is the greater evil. Those were the issues most prominent in the Maine campaign, and upon them was the verdict rendered.

## Sergeant George T. O'Sullivan and Miss Sahlberg to Wed

Sergeant George T. O'Sullivan, a member of the medical staff of the National Guard of California, located at El Paso, Texas, will be united in marriage to Miss Ulrica Sahlberg of this city early next week. The wedding is to take place at El Paso. Sergeant O'Sullivan is the eldest son of Mrs. M. O'Sullivan of Redwood City. He spent his boyhood in this city. At an early age he became an apprentice in the A. D. Walsh drug store, afterwards becoming a full-fledged pharmacist in San Francisco. He is now completing a course in medicine and will soon be admitted to practice. O'Sullivan is a young man of ability, sterling worth and will be a credit to his profession.

Miss Sahlberg leaves tomorrow for the southern city which place will be the future home of the young couple. The pretty bride-to-be is a teacher by profession, a graduate of the State Normal School at San Jose. She is a charming young woman possessing numerous accomplishments.

## U. S. Congressman E. A. Hayes and Norman McKee

Chairman E. E. Skinner of the County Republican Committee yesterday received the following letter from Congressman E. A. Hayes in response to the resolution from the committee endorsing Norman McKee for a cadetship at Annapolis. The quick response of Mr. Hayes shows his interest in the young man.

House of Representatives U. S. Washington, D. C. San Jose, California, September 12, 1916.

Mr. E. E. Skinner, Chairman Republican County Central Committee, Redwood City, California. My dear sir:

I beg to acknowledge receipt of your letter of the 12th instant, written by the Republican County Central Committee and signed by the members thereof, recommending the appointment of Norman McKee to the Annapolis Academy cadetship. In answer thereto I have to say that I shall be glad to give this matter my most careful consideration. Sincerely yours, E. A. Hayes.

### OUT OF ACTIVE CAMPAIGN

Inasmuch as his opponent, Mr. Hayes has received both Republican and Democratic nominations, George S. Walker announces that he will not make an active campaign for election to the House of Representatives.

The ladies bazaar in aid of Mt. Carmel church to take place on October 5, is to be a very enjoyable affair. The ladies in charge are making preparations for the event. The deer season closed on Thursday. Many deer were taken and all hunters are satisfied with the success of the open months for killing the fleet-footed animal. Perhaps more deer were killed this year than have been taken in many seasons before. Owing to the watchful care of the county and state game wardens and the strict enforcement of the game laws the animal is very plentiful in the mountain districts. The last deer of the season was killed late Thursday afternoon by Atmond Zanoni, who shot a 136 pound buck back of the Virginia Mill property. Mr. Zanoni is the young man who recently lost his arm in a thresning machine at La Honda.

# JUST HOW AND WHEN OF PRESENT REDWOOD

## The Change Really Started Years Ago, When Barrier of County Road Was Removed and Expansion Began

BY W. H. ADAMS

Thirty years ago Redwood City, Fair Oaks and Menlo Park districts were largely virgin territory.

Land was held in great part by people who had grown wealthy elsewhere through mines, investments, speculation, commerce, inheritance and various ways.

The countryside homes were beautiful homes, nicely kept up. The spirit of refinement and luxury was in the very air.

The one great traffic artery was the railway. The County road was a creditable thoroughfare most of the time. Motor vehicles were not even born.

Fine horses, fine carriages, fine people were the rule. One bohemian used to drive down from San Mateo with a tally-ho and bunch of ardent admirers, on his way to attend court.

If those were not the "good old days" they were certainly days that were "different."

And this brings us to the real commencement of our story.

The Mezes estate was one of the first to subdivide land into small parcels. A considerable portion of the Redwood City of today was once known as Mezesville.

As time passed, and for various reasons, the example of subdivision set by the Mezes estate was followed by other owners, the names of Robinson, Polhemus, Nightingale, Brittan and Hopkins being notable.

During this period the westerly boundary of Redwood City was the County road, now known as the State highway.

On September 17, 1887, Caroline Hawes Robinson made history for Redwood. On that day she offered for sale the tract known as the Robinson subdivision.

From that date until the present time there has been a constant growth westward that has swept past old boundaries and pushed well up into the foothills.

That date—that eventful act—made possible the "new" Redwood of today. It allowed the city to cross the County road, to break through, to expand. And Caroline Hawes Robinson pioneered the movement on its largest scale, as all the original Horace Hawes estate properties, totaling some two thousand acres, were gradually subdivided in succession.

In those days selling methods were experimental. Tract sales were really great picnics. People came from the city by carloads, and from the surrounding country by private conveyance.

Many bought lots, more were merely out for a good time and had it. Lunches were spread, music provided. And the promoters paid the bill.

It gradually began to dawn upon the minds of owners and operators alike that some new method must be adopted—there must be some better way to sell real estate.

The problem has not yet been fully soived. At present bonding methods are being tried out in reference to forcing improvements.

Taken all in all, investors along the peninsula have made money. Many high-priced properties of today were bought for a song. It is also true that after enjoying the use of their properties for twenty years or over, many owners are still holding on to their real estate as the one best investment of their lives.

The investor of today has to pay a little more to begin with, but has a surer thing. The proof? Here it is:

When the State highway was completed and the rubber-tired vehicle came into use, the problem of quick and universal transportation was settled for good. Raise your finger, or phone to your tradesman, and all the material resources of the metropolis or great valley district will be delivered at your door.

If you do want to move—anywhere—a motor truck would take your whole outfit, perhaps at one load, and meet you at destination as soon as you could catch a train and get there yourself.

Or if you want to have your house itself moved, a motor truck might hitch on and go running down the road with it. It is done so often now that no wonder attaches to the performance.

In other words, a buyer of today need not feel absolutely "anchored" to his purchase. The place does not own him. It is more than ever an independent resource, and more than ever valuable if these facts are only realized. That resource also is an asset equally valuable to a successor.

Also, the district as a whole has been proven.

The phone and telegraph companies, the great oil companies, the gas and electric companies, the great oil companiese, the railroad company, have made investments here that prove this point to be topographically a natural business, electric, supply and transportation center.

It has a deep-water frontage and encircling mountains that enclose a greater area of valuable land than can be used by this generation and more.

This brings us to the end of our story.

The early residents of the county were good guessers. They risked their judgment on the merits of the district.

And their judgment stands confirmed.

# DR. WHITWELL BUYS AT WOODSIDE

## Four Hundred Acres of Original Greer Family Possessions Finally Change Hands

The O'Brien property of nearly 400 acres adjoining the lands of A. Neuman at Woodside and running to the top of the mountains have been sold to Dr. Whitwell, at least the deal is almost completed. The deed will be passed in a few days. This choice property was formerly a part of the big Greer holdings here. The 400 acres was bequeathed to Mrs. O'Brien by her parents. She was one of the Greer girls who some twenty years ago married William O'Brien. Shortly before her death, which occurred last spring she deeded the property to her husband, the consideration being love and affection. It is said the consideration of the present deal is $75,000. At one time Mrs. O'Brien refused $100,000 for the realty. Dr. Whitwell is very wealthy. It is believed he will establish a large sanitarium on the land.

OTHER WOODSIDE NOTES

John O'Donnell, foreman of the C. A. Hooper ranch at Woodside, was crossing a field Tuesday when a bull attacked him. O'Donnell was hurled to the ground and the animal gored him in the left thigh and face, cutting a gash across his cheek. Farm hands rescued O'Donnell whose condition is critical.

Mrs. Fred Walters motored to San Francisco during the week and secured good music for the free barbecue at the Valley Inn on Sunday, September 17. The choicest meat will be selected and furnished by Thomas Tuite, proprietor of the Palace Market, Redwood City. A big crowd is expected at the Inn tomorrow. All arrangements are completed for handling the big crowd.

Mr. and Mrs. Ettore Avenali and their children, who have spent the summer at the Josselyn home at Woodside, will return to their Walnut street home in San Francisco this month.

Miss Clara Jenkins of San Francisco is spending her vacation with relatives here.

Mrs. Henry Jenkins and her pretty daughter have gone to Calevaras to spend a vacation of two weeks.

# FLYING MEN MAKING RECORDS

## Aircraft Company of America Has Official Observer to Issue Licenses

As noted in the Times-Gazette last week, many of the aeroplane flights now being conducted from the Christofferson grounds are out of the ordinary—more in the nature of exhibitions—being the test flights of pupils seeking licenses.

The nature of such licenses is interesting when once understood. Licenses are not issued by local schools but by a national organization, the Aircraft Company of America. The Christofferson Aviation School is affiliated therewith.

Test flights have to be witnessed by an "Official Observer" of the national organization. If the student can meet all the specifications required a license is issued. Otherwise an applicant would have to continue instructions and try again.

This week two more students, Jack McHugo and Peter Maraski, were granted licenses, Official Observer G. T. Slaughter accepting their work.

With these credentials students are "on velvet." The Aircraft Company of America stands behind the license.

Students at the Christofferson Aviation School will soon be in their new quarters, where the planes will be carefully housed, protected from the weather and subject to ideal conditions.

The school will in addition have a construction shop or its own. Such work being recognized as a primary or essential principle, it will be made easy for pupils to obtain an intimate knowledge of aircraft construction as well as aircraft flying.

## Addie Tripp Woodside Reunion

Miss Addie Tripp had a reunion of old time friends at her pretty home at Woodside on Wednesday. A very pretty luncheon was given in honor of the guests. Among those present were, Mrs. George H. Rice, Mrs Sarah Wentworth, Mrs. Shaw, Mrs. David Sampson and Mrs. Burdell of Redwood City. The affair was a very enjoyable one.

# COUNTY REPUBLICAN CENTRAL COMMITTEE

## Executives Who Will Collaborate In Forwarding the Coming Presidential Campaign

The members of the county Republican central committee met at the courthouse on Tuesday and organized for the coming presidential campaign. Those who answered roll call were C. T. Connelly, W. J. Smith F. A. Cunningham and J. H. Kelly of South San Francisco, L. E. Aubury, Easton, W. H. Pearson, E. E. Skinner and W. J. Eva, Burlingame, R. F. Chilcott, D. E. O'Keefe, Carl Muller, H. C. Tuchsen and E. H. Werder, Redwood City, and Dr. C. V. Thompson, Pescadero. E. E. Skinner called the meeting to order and on calling for nominations for chairman, D. E. O'Keefe in an eulogistic speech placed Mr. Skinner in nomination. There being no further nominations, Mr. Skinner was unanimously elected. On taking the chair he made an appropriate speech in which he predicted the success of the party at the polls in November. His remarks were applauded. The chairman then called for nominations for secretary. R. F. Chilcott was chosen without opposition. Mr. Chilcott was gracious in thanking the members for the honor bestowed. Mr. Skinner was reelected after serving two years. He is a good campaigner and richly deserves to be returned to the position he has so ably and successfully filled. Mr. Chilcott has served as secretary for the past two years and he also did splendid work. No better man for that place could have been selected.

The following executive committee was appointed to assist the chairman in attending to the various matters of the campaign, W. J. Martin, South San Francisco, W. H. Pearson, Burlingame, D. E. O'Keefe, Menlo Park, D. J. Lynch, Halfmoon Bay and Dr. C. V. Thompson, Pescadero.

As money will have to be raised to conduct a successful campaign, the following finance committee was appointed, L. E. Aubury, Easton, W. J. Smith, South San Francisco, S. D. Merk, Burlingame, W. J. Eva, San Mateo, H. C. Tuchsen and E. W. Werder, Redwood City, D. J. Lynch and J. W. Gilcrest, Halfmoon Bay, Dr. C. V. Thompson, Pescadero.

Norman McKee, young son of Dr. McKee of Woodside and grandson of John A. Hooper, the lumber magnate was endorsed for a cadetship at Annapolis. A lengthy letter or resolution was signed by all the committeemen present and the same was forwarded to Congressman E. A. Hayes. Young McKee is attending the Sequoia Union High School at Redwood City and is a bright and industrious student who has had from infancy a desire to become a naval officer. R. F. Chilcott said the boy was well fitted for the position both mentally and physically. Mr. Chilcott spoke highly of the boy's qualifications. Mr. Tuchsen, who has known the boy since he was eleven months old, spoke flatteringly of the young man's fitness. He declared that he would be a success if admitted to the naval academy and a credit to the country. Professor McCrea of the high school spoke glowingly of the boy's standing at the institution and predicted that if he took the examination at Annapolis he would pass with honors. Mr. McCrea assured the committee that Young McKee possessed all the attributes to make a fearless and successful naval officer and would do honor to the State. Mr. McCrea showed his splendid record at school. The committee after hearing all these eulogies of the young man unanimously endorsed him. McKee appeared before the committee and made a very good impression.

The entire Republican ticket was endorsed by the committee. A strenuous campaign is to be launched for the success of the party, nothing will be left undone by the committee to have San Mateo county return big majorities for every nominee of the party, Hughes and Fairbanks, president and vice president, Hiram Johnson for U. S. Senator, E. A. Hayes for Congress, M. B. Johnson for State Senator, John D. Willard for the Assembly.

Near the close of the session, John D. Willard, assemblyman elect, delivered a thirty minute talk on Republicanism. He spoke of the splendid victory in Maine which he believed to be a true forcast of a great victory in November when Hughes and Fairbanks would be elected by an overwhelming majority. Mr. Willard urged harmony on the part of all Republicans declaring that in unity there was strength and to carry this State for the Republican ticket next November there must be united effort, concerted action by all loyal Republicans. Mr. Willard at the conclusion of his speech was given an ovation by the members of the committee, who appreciated his pleasing talk.

Mrs. James L. Flood will be hostess at a luncheon party at her home in Menlo Park today. The Flood family will not go to town before some time in November.

Miss Barbara Donohoe, daughter of Mr. and Mrs. Joseph Donohoe of Menlo Park, motored with a party of friends to Sacramento last week for a visit to the State Fair.

Percy Cumberson is erecting a large garage on his property on Glenwood Avenue. Mr. and Mrs. Cumberson are automobile enthusiasts and maintain two big machines.

Mr. and Mrs. George Nickel left this week for their ranch in the San Joaquin valley. They will remain there for ten days and will then return to Menlo Park where they will be until the early winter.

Charles Holbrook is installing a heating system in his home at Atherton. This would indicate that the Holbrooks will spend the winter here

A. Ende, who is to do the brick work on the chapel at St. Patrick's Seminary has leased the Cora Parker home and has moved his family from San Francisco.

Talbot C. Walker, wife and children left yesterday for Del Monte for a stay of two weeks. From the number of Golf sticks they carried with them it is evident that there will be some Golf playing at the famous resort. The Walkers will reside in the city this winter and will occupy the Schwabacher house on Jackson street. The Donohoes rented the residence last year.

Mrs. T. F. Payne and her son Clarence and his wife and baby departed late yesterday afternoon for Allenhurst, New Jersey to spend the winter. Allenhurst is a famous New York resort where elite of Gotham reside. Clarence Payne is a New York financier owning several sky scrapers in the heart of that city. Mrs. Payne is a leader of the smart set there.

Miss Josephine MacCormac passed away in San Francisco last Sunday following a brief illness. She was a cousin of Mrs. M. F. Duff of this place. The young lady graduated from Stanford University some years ago and at the time of her death was the vice principal of the Lowell High school in San Francisco. She was a young woman of splendid ability and an educator of state wide reputation.

Redmond Chocrane, who left last week on the U. S. Transport Sherman for the Orient, received a notice yesterday from the Collector of Internal Revenue at San Francisco to go to work as a temoprary guager for the department at a wage of $5 per day and expenses during his stay in the field. Young Cochrane took the civil service examination six months ago and passed very high on the eligible list. He is playing in poor luck. Last July as he sailed for Manila on the Sherman his parents received a notice from Senator Phelan to have the young man appear at San Francisco for a cadetship at Annapolis. He did not return in time and thus lost his chance to become a Dewey or a Sampson. He will also lose his present opportunity to enter the federal service at San Francisco. Evidently Redmond's luck star has been lost in the clouds. Perhaps it is all for the best. Who knows?

Three large thoroughbred hogs arrived by express on Thursday from Iowa for Mrs. Woods the recent purchaser of the Judge Allen place at Portola. The swine were the best specimens ever brought to the county

Miss Carmelitta Duff, daughter of Mr. and Mrs. M. F. Duff, was presented with a handsome kodak by the members of the young ladies' sodality of the Church of The Nativity last Wednesday evening on the eve of her departure for the East. Miss Duff left yesterday. She will take a special course in the East in library work to fit herself to take a position as a state librarian. Miss Duff is a graduate of the Notre Dame Convent at San Jose and Stanford University. She also took post-graduate work at the latter institution. She has been the assistant librarian at Stanford for the past two years. She is an unusually clever young woman.

THE BELLS OF PORTOLA

The solemn blessing of the new chimes of the Portola church by the Most Reverend Edward J. Hanna, D. D., Archbishop of San Francisco, will take place on Sunday, September 24th at 10 a. m. All the parishioners of Menlo Park and Portola valley are invited to attend and a number of card invitations have been sent to those outside the parish, who from the beginning have interested themselves in the beautiful little church of the valley. The bells were bequeathed by the late Mrs. Bridget Doyle of Portola and will be dedicated to her memory. Immediately following the ceremony of the blessing of the bells, a Solemn High Mass will be sung at which the Most Reverend Archbishop will preside. The music of the Mass will be sung by the choir of the Menlo Park church. Mr. Jos. Rosborough of Oakland, and a member of the Family Club, the members of which had a leading part in the building of the church, will render the Offertory. A special sermon appropriate to the occasion, will be delivered by the Reverend John J. Harrington of St. Mary's Cathedral, formerly an Assistant of Menlo Park and Portola parish, and one of the recognized pulpit orators of this diocese.

## Court Sells La Honda Acreage to John D. Richards

The four acres of land and a log cabin owned by the estate of C. D. Hayward, deceased, was sold in the superior court on Thursday by Judge Buck to John D. Richards for $1700.

That the property in and around La Honda is coming into great demand was fully demonstrated at this sale. Mr. Hayward purchased the realty a few years ago from William Hanson for a nominal sum and built a small bungalow with redwood logs. When the administrator of the estate Charles W. Merrill, published a legal notice in the Times-Gazette asking for bids for the property he received one from Mr. Richards of San Francisco for $1350.

When the bid was up for confirmation on Thursday John MacBain raised the bid ten per cent and this opened the affair for everybody to bid on this choice property. Judge Buck assumed the role of auctioneer and Richards raised the bid to $1500 Ernest Werder acting for John MacBain went Richards $50 better and so the bidding went until the $1700 mark was reached when Mr. Werder withdrew leaving the property to Mr. Richards.

La Honda property is becoming very valuable. The big trees and good roads and easy access are the loadstones that are drawing home seekers and investors to that favored locality.

## San Mateo County Savings Bank To Increase Its Capital

We are informed by L. P. Behrens, President of the San Mateo County Savings Bank, that owing to the daily increase in volume as well as in new accounts, the bank has concluded to increase its paid up capital stock from $50,000 to $100,000. This, together with its $45,000 reserve and surplus fund, will enable the bank to maintain its position of being the largest and strongest savings bank between San Jose and San Francisco.

Its patrons and the entire county should certainly be proud of this stand. It shows the ever willingness of the stockholders to fortify with a larger capital the interest of the depositors, who have shown their faith in the institution. No doubt they will grow even faster in the future than they have in the past as well as to continue to merit the high esteem in which the public now holds them.

## Contract for New Atherton Home

During the week the contract for A. Guirola's new home to be built among the wide spreading oaks of the Selby Tract at Atherton was awarded to E. E. Etherton and Company of San Francisco for $12,000. The garage, outhouses and water system will run this amount up to over $15,000. Work on the new structure will be completed in three months. Hodges and Mitchell, the San Francisco architects, designed the building.

The layout of the residence is most comprehensive. A striking entrance opens on to a large reception hall, with a library and an 18 by 30-foot living room all finished in hardwood. From the dining room there extends the service wing, with a completely fitted kitchen and servants' quarters. In the basement are found large storerooms and the steam heating plant which reaches all the rooms of the house. Perhaps one of the most pleasing features is the screened porch and open fireplace looking out upon the court.

The second floor comprises five chambers, with baths and closets and so forth. There are two large sleeping porches provided. The third floor is finished off to provide a spacious billiard room.

Altogether, the place promises to be one of the most attractive homes on the peninsula with its plastered exterior and tiled roof.

Disease is the nation's greatest burden.

## A Great Educator on Prohibition

Dr. Charles W. Eliot, perhaps the most widely known educator in the United States, is one of many great men who are opposed to prohibition. He has frequently discussed temperance and as frequently stated *that prohibition does not aid the cause of temperance.*

He recently said:

**"The efforts to enforce prohibition during forty years past have had some unlooked-for effects on public respect for courts, judicial procedure, oaths and law, legislature and public servants. The public have seen law defied, a whole generation of habitual lawbreakers schooled in evasion and shamelessness, courts ineffective through fluctuations of policy, delays, perjuries, negligencies and other miscarriages of justice; officers of the law double-faced and mercenary; legislators, timid and insincere. Such is the character and record of prohibition."**

**"The general position of Massachusetts in regard to the sale and use of alcohol is in favor of local option, and I am glad that in this she leads all the States. More and more I am persuaded that it is the wisest and most successful policy in the cause of temperance. We hear a good deal about compelling men to be good—forcible collective action to improve the individual—and many of these forces are wise and good. But freedom is the greatest privilege of man—the right to work out his own destiny. It is also best for the general public."**

**"A whole generation of habitual lawbreakers—schooled in evasion and shamelessness"—this is one of the results of prohibition according to the scholarly observation of Dr. Eliot. Do you want generations of this sort, to grow up in California?**
